relating to the Action entitled

AI supported and enhanced creativity for the triple transition

in short

AI-SECRETT

hereinafter referred to as “Project”

WHEREAS:

The Parties, having considerable experience in the field concerned, have submitted a proposal for the Project to the Granting Authority as part of the Digital Europe Programme (2021-2027).

The Parties wish to specify or supplement binding commitments among themselves in addition to the provisions of the specific Grant Agreement signed by the Beneficiaries and the Granting Authority (hereinafter “Grant Agreement”).

The Parties are aware that this Consortium Agreement is based upon the [DESCA model consortium agreement](#).

NOW, THEREFORE, IT IS HEREBY AGREED AS FOLLOWS:

1. Definitions

1.1 Definitions

Words beginning with a capital letter shall have the meaning defined either herein or in the Digital Europe Programme Regulation (EU) 2021/694 or in the Grant Agreement including its Annexes.

1.2 Additional Definitions

“Consortium Body”

Consortium Body means any management body described in Section 6.1 of this Consortium Agreement.

“Consortium Plan”

Consortium Plan means the Description of the Action (Annex 1 of the Grant Agreement) and estimated budget (Annex 2 of the Grant Agreement) as defined and reallocated according to the amendments to the Grant Agreement.

“Defaulting Party”

Defaulting Party means a Party which the General Assembly has declared to be in breach of this Consortium Agreement and/or the Grant Agreement as specified in Section 4.2 of this Consortium Agreement.

“Educational Organization Management System (EOMS)”

A structured framework for managing and delivering education and training services, ensuring conformance with ISO 21001 requirements. The EOMS applies to all educational and training activities carried out within the AI-SECRETT framework under UVEG’s coordination.

“Granting Authority”

Granting Authority means the body awarding the grant for the Project.

“Reporting Period”

Reporting Period means the time articulation of the Consortium Plan according to the Grant Agreement, in correspondence of which, a review is scheduled by the Granting Authority.

“Internal Progress Report”

Internal Progress Report means a written report issued by each Party for each work package providing information to enable the monitoring of the status of completion of a work package.

“Lump Sum Contribution”

Lump Sum Contribution means the amount allocated to each Party per work package as stated in Annex 2 of the Grant Agreement.

“Needed”

Needed means:

For the implementation of the Project:

Access Rights are Needed if, without the grant of such Access Rights, carrying out the tasks assigned to the recipient Party would be technically or legally impossible, significantly delayed, or require significant additional financial or human resources.

For Exploitation of own Results:

Access Rights are Needed if, without the grant of such Access Rights, the Exploitation of own Results would be technically or legally impossible.

“Software”

Software means sequences of instructions to carry out a process in, or convertible into, a form executable by a computer and fixed in any tangible medium of expression.

“Work Package Leader”

Work Package Leader means a representative of the Party appointed to lead a work package according to Annex 1 of the Grant Agreement, who shall coordinate the completion of activities for the tasks in the relevant work package.

2. Purpose

The purpose of this Consortium Agreement is to specify with respect to the Project the relationship among the Parties, in particular concerning the organisation of work, the management of the Project and the rights and obligations of the Parties concerning *inter alia* liability, Access Rights and dispute resolution.

An additional purpose of this Consortium Agreement is to ensure alignment with quality management principles in education, as per the ISO 21001 norm.

2.1 Specific responsibilities for Associated Partners

For the avoidance of any doubt, the Associated Partners do not sign the Grant Agreement and do not receive funding from the Granting Authority and therefore do not have a right to charge costs or claim contributions from the Granting Authority. Associated Partners must ensure their own funding for the implementation of the Project. However, certain terms and conditions of the Grant Agreement and its Annexes are applicable to the Associated Partners. The Coordinator will share a copy of the signed Grant Agreement and information on any amendments with the Associated Partners.

The Associated Partners hereby commit to implement any Project tasks attributed to them on a voluntary basis and listed in Attachment 6 to this Consortium Agreement.

In addition, the Associated Partners hereby commit especially to the following articles of the Grant Agreement and related regulations of Annex 5 to the same:

- Proper implementation of the action (Article 11)
- Conflicts of interest (Article 12)
- Confidentiality and security (Article 13)
- Ethics and values (Article 14)
- Visibility (Article 17.2)
- Specific rules for carrying out the action (Article 18)
- General information obligations (Article 19)
- Record-keeping (Article 20). This includes the maintenance of adequate records and supporting documents to prove the achievement of the results or the fulfilment of the conditions described in Attachment 6 to this Consortium Agreement.

The Associated Partners support the Beneficiaries regarding their exploitation, dissemination and Open Science obligations and commit to contribute to the technical and continuous reporting during and after the implementation of the Project.

Furthermore, the Associated Partners hereby explicitly agree to cooperate with and grant access to bodies according to Article 25.1.3 and 25.4 of the Grant Agreement (the Granting Authority, the European Anti-Fraud Office (OLAF), the European Public Prosecutor's Office (EPPO), the European Court of Auditors (ECA), so that these bodies can carry out checks, reviews, audits and investigations also towards the Associated Partners.

Any Associated Partner from a non-EU Member State undertakes to comply additionally with any other obligation arising from Art. 10.1 of the Grant Agreement (Non-EU participants).

In case of termination or being declared a Defaulting Party, an Associated Partner shall, only to the extent of its unfulfilled role as mentioned in Attachment 6 to this Consortium Agreement and within the limits specified in section 5.2 of this Consortium Agreement, bear any reasonable and justifiable costs occurring to the other Parties for performing this Associated Partner's tasks and the costs for additional efforts necessary to implement the Project.

Moreover, an Associated Partner is obliged to indemnify the other Parties for any claim of the Granting Authority against them, caused by this Associated Partner's actions or omissions during Grant Agreement preparation, Project implementation or after Project end. Regarding such claims the Associated Partner's special liability is limited to the total budget as indicated in Attachment 6 to this Consortium Agreement.

Should the Associated Partner be obliged to sign a separate agreement concerning its funding for the Project, it is the responsibility of the Associated Partner to ensure such agreement is not in conflict with this Consortium Agreement.

2.2 Specific responsibilities for the Coordinator

UVEG, as Project Coordinator, shall ensure that the development and delivery of the AI-SECRET training programs are guided by the principles and quality framework of ISO 21001 Educational Organization Management System (EOMS).

2.3 Specific responsibilities for the Parties

The Beneficiaries commit to supporting the quality assurance framework implemented and maintained by the Project Coordinator through participation in all relevant activities.

3. Entry into force, duration and termination

3.1 Entry into force

An entity becomes a Party to this Consortium Agreement upon signature of this Consortium Agreement by a duly authorised representative.

This Consortium Agreement shall have effect from the Effective Date identified at the beginning of this Consortium Agreement.

A new entity becomes a Party to the Consortium Agreement upon signature of the accession document (Attachment 2) by the new Party and the Coordinator. Such accession shall have effect from the date identified in the accession document.

3.2 Duration and termination

This Consortium Agreement shall continue in full force and effect until complete fulfilment of all obligations undertaken by the Parties under the Grant Agreement and under this Consortium Agreement.

However, this Consortium Agreement or the participation of one or more Parties to it may be terminated in accordance with the terms of this Consortium Agreement.

If

- the Grant Agreement (or amendment thereof) is not signed by the Granting Authority or a Beneficiary, or
- the Grant Agreement is terminated, or
- a Beneficiary's participation in the Grant Agreement is terminated,
- an Associated Partner voluntarily recedes from the Consortium Agreement,

this Consortium Agreement shall automatically terminate in respect of the Party/ies concerned, subject to the provisions surviving the expiration or termination under Sections 2.1 and 3.3 of this Consortium Agreement.

If an Associated Partner's participation in the Project is terminated, its participation in this Consortium Agreement may be terminated subject to the provisions surviving the expiration or termination under this Consortium Agreement (Section 4.2 and Section 3.3).

3.3 Survival of rights and obligations

The provisions relating to Access Rights, Dissemination and Confidentiality, for the time period mentioned therein, as well as for Liability, Applicable Law and Settlement of Disputes shall survive the expiration or termination of this Consortium Agreement.

Termination shall not affect any rights or obligations of a Party leaving the Project incurred prior to the date of termination, unless otherwise agreed between the General Assembly and the leaving Party. This includes the obligation, if and where applicable, to provide all necessary input, deliverables and documents for the period of its participation.

4. Responsibilities of Parties

4.1 General principles

Each Party undertakes to take part in the efficient implementation of the Project, and to cooperate, perform and fulfil, promptly and on time, all of its obligations under the Grant Agreement and this Consortium Agreement as may be reasonably required from it and in a manner of good faith as prescribed by Belgian law.

Each Party undertakes to promptly notify the Coordinator and the other Parties, in accordance with the governance structure of the Project, of any significant information, fact, problem or delay likely to affect the Project.

Each Party shall promptly provide all information reasonably required by a Consortium Body to carry out its tasks and shall responsibly manage the access of its employees to the EU Funding & Tenders Portal.

Each Party shall take reasonable measures to ensure the accuracy of any information or materials it supplies to the other Parties.

4.2 Breach

In the event that the General Assembly identifies a breach by a Party of its obligations under this Consortium Agreement or the Grant Agreement (e.g. improper implementation of the Project), the Coordinator or, if the Coordinator is in breach of its obligations, the Party appointed by the General Assembly, will give formal notice to such Party requiring that such breach will be remedied within 30 calendar days from the date of receipt of the written notice by the Party.

If such breach is substantial and is not remedied within that period or is not capable of remedy, the General Assembly may decide to declare the Party to be a Defaulting Party and to decide on the consequences thereof which may include termination of its participation.

4.3 Involvement of third parties

A Party that enters into a subcontract or otherwise involves third parties (including but not limited to Affiliated Entities or other Participants) in the Project remains responsible for carrying out its relevant part of the Project and for such third party's compliance with the provisions of this Consortium Agreement and of the Grant Agreement. Such Party has to ensure that the involvement of third parties does not affect the rights and obligations of the other Parties under this Consortium Agreement and the Grant Agreement.

4.4 Specific responsibilities regarding data protection

Where necessary, the Parties shall cooperate in order to enable one another to fulfil legal obligations arising under applicable data protection laws (the *Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data* and relevant national data protection law applicable to said Party) within the scope of the performance and administration of the Project and of this Consortium Agreement.

Particularly, the Parties acknowledge that any process of Personal Data, as defined in Art. 4 (1) of the GDPR, relating to this Project shall be in accordance with the principle of “data minimisation”, as established in Art. 5.1 c) of the GDPR.

In relation to any Business Contact Information(BCI) that is considered Personal Data and which is processed by a Party as part of such Party's participation in the Project for the communication among the other Parties necessary for fulfilling the obligations from the Grant Agreement and this Consortium Agreement (“BCI”), each Party shall be individually and separately responsible for complying with the obligations that apply to it, as a separate and independent data controller under the GDPR rules and national laws (when applicable), including providing information to data subjects and collecting complying with the regulations of processing these data. Therefore, such BCI will be processed as needed for the only purpose of complying with the provisions of the Grant Agreement and this Consortium Agreement. The Parties agree that, as far as laws and regulations in force as of today provide, no additional agreement needs to be signed for the exchange of the BCI other than this Consortium Agreement.

In particular, the Parties shall, where necessary to perform the project activities, conclude a separate data processing, data sharing and/or joint controller agreement before any data processing or data sharing takes place.

The same consent may not unreasonably be withheld in case of further requests of the same nature made by other Parties for the entire duration of this Consortium Agreement.

4.5 Specific responsibilities regarding reporting and implementation

4.5.1 Internal Progress Reports

The Parties commit to continuously provide information on the progress of the implementation of the work packages. In particular, they shall issue an Internal Progress Report to the Work Package Leader upon request 14 days ahead of the relevant meeting of the Steering Committee. The Internal Progress Report provided should allow for an assessment of the status or completion of each work package in order to enable monitoring, e.g. through certain performance indicators as defined in Annex 1 of the

Grant Agreement, if any. For the purpose of harmonizing the reporting outputs, the Coordinator will provide a template of Internal Progress Report, which will be validated by the Steering Committee.

Additionally, the Coordinator may ask all Parties to fill in the same template at regular deadlines – such as every end of the month, or earlier – to maintain full control of the activity being performed until that time. For the avoidance of any doubt, the regular monitoring obligations are applicable irrespective of the work packages open at that time according to the Consortium Plan.

4.5.2 Proper implementation

Each Party shall perform its tasks in accordance with the Consortium Plan and contribute to the completion of the work packages they are involved in.

Article 4.5.5 outlines the allocation of responsibilities among the Parties, providing a full description of each work package and task, along with the corresponding involvement of each Party.

If a work package cannot be completed, the Parties must collaborate to propose an amendment of the Grant Agreement for that work package via an alternative solution.

4.5.3 Termination reports

A leaving Beneficiary – or Associated Partner having fulfilled Attachment 6 to this document – shall issue a termination report to the Steering Committee in accordance with Article 32 of the Grant Agreement on the activities implemented by it and completion of its work share in the work packages it is involved in for the period until its termination takes effect.

4.5.4 Consequences of non-compliance

Improper reporting or implementation of the Project may lead to a breach procedure and termination of a Party's participation according to Section 4.2 of this Consortium Agreement. The Parties are aware that their implementation may affect the completion of tasks or work packages by other Parties and that improper implementation or reporting can lead to liability in accordance with Section 5 of this Consortium Agreement, e.g. in case of reduction or recovery of funding by the Granting Authority.

4.5.5 Implementation plan

The corresponding implementation plan is structured in 12 work packages and 66 tasks, as follows:

5. Liability towards each other

5.1 No warranties

In respect of any information or materials (incl. Results and Background) supplied by one Party to another under the Project, no warranty or representation of any kind is made, given or implied as to the sufficiency or fitness for purpose nor as to the absence of any infringement of any proprietary rights of third parties.

Therefore,

- the recipient Party shall in all cases be entirely and solely liable for the use to which it puts such information and materials, and
- no Party granting Access Rights shall be liable in case of infringement of proprietary rights of a third party resulting from any other Party (or its entities under the same control) exercising its Access Rights.

5.2 Limitations of contractual liability

No Party shall be responsible to any other Party for any indirect or consequential loss or similar damage such as, but not limited to, loss of profit, loss of revenue or loss of contracts, except in case of breach of confidentiality.

A Party's aggregate liability towards the other Parties collectively shall be limited to once the Party's share of the total maximum grant amount of the Project as identified in Annex 2 of the Grant Agreement or in Attachment 6 to this Consortium Agreement for the Associated Partners.

A Party's liability shall not be limited under either of the two foregoing paragraphs to the extent such damage was caused by a wilful act or gross negligence or to the extent that such limitation is not permitted by law.

5.3 Damage caused to third parties

Each Party shall be solely liable for any loss, damage or injury to third parties resulting from the performance of the said Party's obligations by it or on its behalf under this Consortium Agreement or from its use of Results or Background.

5.4 Force Majeure

No Party shall be considered to be in breach of this Consortium Agreement if it is prevented from fulfilling its obligations under the Consortium Agreement by Force Majeure.

Each Party will notify the General Assembly of any Force Majeure without undue delay. If the consequences of Force Majeure for the Project are not overcome within 6 weeks after such notice, the transfer of tasks - if any - shall be decided by the General Assembly.

6. Governance structure

6.1 General structure

The organizational structure of the Consortium shall comprise the following Consortium Bodies:

- The General Assembly, as the ultimate decision-making body of the Consortium.
- The Steering Committee, as the supervisory body for the execution of the Project, which shall report to and be accountable to the General Assembly.

The Coordinator is the legal entity acting as the intermediary between the Parties and the Granting Authority. The Coordinator shall, in addition to its responsibilities as a Party, perform the tasks assigned to it as described in the Grant Agreement and this Consortium Agreement.

In addition to the Consortium Bodies and the Coordinator, Annex 1B of the Grant Agreement has introduced the following supporting bodies:

- The Advisory Board, regulated in Section 6.5 below.
- The Scientific Committee, regulated in Section 6.6 below.
- The Strategic Board, regulated in Section 6.7 below.
- The Stakeholders' Network, regulated in Section 6.8 below.

For the avoidance of any doubt, the four above supporting bodies adopt self-organizational rules and procedures, which may differ from those described in the following Sections.

The Associated Partners are excluded from voting on and vetoing the following decisions of the General Assembly and therefore are not counted towards any respective quorum:

- Financial changes to the Consortium Plan
- Distribution of EU contribution among the Beneficiaries
- Proposals for changes to Annex 2 of the Grant Agreement to be agreed by the Granting Authority
- Decisions related to Section 7.1.4 of this Consortium Agreement.

Regarding unanimity or majority decisions, only Members of the General Assembly with voting rights regarding the item are taken into account.

The contents of Attachment 6 to this Consortium Agreement can only be changed upon suggestion or with the consent of the Associated Partner directly interested by the modification, unless the provisions of Sections 4.2 or 5.3 already apply.

6.2 General operational procedures for all Consortium Bodies

6.2.1 Representation in meetings

Any Party which is appointed to take part in a Consortium Body shall designate one representative (hereinafter referred to as "Member").

Any Member:

- should be present or represented at any meeting;
- may appoint a substitute or a proxy to attend and vote at any meeting;

and shall participate in a cooperative manner in the meetings.

6.2.2 Preparation and organisation of meetings

6.2.2.1 Convening meetings:

The chairperson of a Consortium Body shall convene meetings of that Consortium Body.

	Ordinary meeting	Extraordinary meeting
General Assembly	At least once a year	At any time upon request of the Steering Committee or 1/3 of the Members of the General Assembly
Steering Committee	At least bimonthly	At any time upon request of any Member of the Steering Committee

6.2.2.2 Notice of a meeting

The chairperson of a Consortium Body shall give written notice of a meeting to each Member of that Consortium Body as soon as possible and no later than the minimum number of days preceding the meeting as indicated below.

	Ordinary meeting	Extraordinary meeting
General Assembly	15 calendar days	5 calendar days
Steering Committee	7 calendar days	2 calendar days

6.2.2.3 Sending the agenda

The chairperson of a Consortium Body shall prepare and send each Member of that Consortium Body an agenda no later than the minimum number of days preceding the meeting as indicated below.

General Assembly	15 calendar days, 5 calendar days for an extraordinary meeting
Steering Committee	2 calendar days

6.2.2.4 Adding agenda items:

Any agenda item requiring a decision by the Members of a Consortium Body must be identified as such on the agenda.

Any Member of a Consortium Body may add an item to the original agenda by written notice to all of the other Members of that Consortium Body up to the minimum number of days preceding the meeting as indicated below.

General Assembly	5 calendar days, 2 calendar days for an extraordinary meeting
Steering Committee	1 calendar day

6.2.2.5

During a meeting the Members of a Consortium Body present or represented can unanimously agree to add a new item to the original agenda.

6.2.2.6

Meetings of each Consortium Body may also be held by audio or videoconference, or other telecommunication means.

6.2.2.7

Decisions will only be binding once the relevant part of the minutes has been accepted according to Section 6.2.5.2.

6.2.2.8 Decisions without a meeting

Any decision may also be taken without a meeting if

- a) the Coordinator circulates to all Members of the General Assembly a suggested decision with a deadline for responses of at least 5 calendar days after receipt by a Party and
- b) the decision is agreed by 60% of all Parties.

The Coordinator shall inform all the Parties of the outcome of the vote.

A veto according to Section 6.2.4 may be submitted up to 5 calendar days after receipt of this information.

The decision will be binding after the Coordinator sends a notification to all Members. The Coordinator will keep records of the votes and make them available to the Parties on request.

6.2.3 Voting rules and quorum

6.2.3.1

Each Consortium Body shall not deliberate and decide validly in meetings unless 60% of its Members are present or represented (quorum).

If the quorum is not reached, the chairperson of the Consortium Body shall convene another ordinary meeting within 5 calendar days. If in this meeting the quorum is not reached once more, the chairperson shall convene an extraordinary meeting which shall be entitled to decide even if less than the quorum of Members is present or represented.

6.2.3.2

Each Member of a Consortium Body present or represented in the meeting shall have one vote. Associated Partners are excluded from certain decisions of the General Assembly according to Section 6.1.

6.2.3.3

A Party which the General Assembly has declared according to Section 4.2 to be a Defaulting Party may not vote.

6.2.3.4

Decisions shall be taken by a majority of 60% of the votes cast.

6.2.4 Veto rights

6.2.4.1

A Party which can show that its own work, time for performance, costs, liabilities, intellectual property rights or other legitimate interests would be severely affected by a decision of a Consortium Body may exercise a veto with respect to the corresponding decision or relevant part of the decision.

6.2.4.2

When the decision is foreseen on the original agenda, a Party may only veto such a decision during the meeting.

6.2.4.3

When a decision has been made on a new item added to the agenda before or during the meeting, a Party may veto such a decision during the meeting or within 5 calendar days after receipt of the draft minutes of the meeting.

A Party that is not appointed to participate in a particular Consortium Body may veto a decision within the same number of calendar days after receipt of the draft minutes of the meeting.

6.2.4.4

When a decision has been taken without a meeting a Party may veto such a decision within 5 calendar days after written notice by the chairperson of the outcome of the vote.

6.2.4.5

In case of exercise of veto, the Members of the related Consortium Body shall make every effort to resolve the matter which occasioned the veto to the general satisfaction of all the Parties.

6.2.4.6

A Party may neither veto decisions relating to its identification to be in breach of its obligations nor to its identification as a Defaulting Party. The Defaulting Party may not veto decisions relating to its participation and termination in the consortium or the consequences of them.

6.2.4.7

A Party requesting to leave the consortium may not veto decisions relating thereto.

6.2.5 Minutes of meetings

6.2.5.1

The chairperson of a Consortium Body shall be responsible for taking minutes of each meeting, which shall be the formal record of all decisions taken. He/she shall send the draft minutes to all Members within 30 calendar days of the meeting.

If the results are acceptable, intelligible and clear in the opinion of the majority of participants, the written minutes can be substituted with AI summaries and/or audio/video recordings.

6.2.5.2

The minutes or AI summaries shall be considered as accepted if, within 15 calendar days from receipt, no Member has sent an objection by written notice to the chairperson with respect to the accuracy of the draft of the minutes by written notice.

6.2.5.3

The chairperson shall send the accepted minutes to all the Parties and to the Coordinator, who shall retain copies of them.

6.3 Specific operational procedures for the Consortium Bodies

6.3.1 General Assembly

In addition to the rules described in Section 6.2, the following rules apply:

6.3.1.1 Members of the General Assembly

6.3.1.1.1

The General Assembly shall consist of one representative of each Party (hereinafter General Assembly Member).

6.3.1.1.2

Each General Assembly Member shall be deemed to be duly authorized to deliberate, negotiate and decide on all matters listed in Section 6.3.1.1.5 of this Consortium Agreement.

6.3.1.1.3

The Coordinator shall chair all meetings of the General Assembly, or can appoint any member of the Steering Committee. unless decided otherwise in a meeting of the General Assembly.

6.3.1.1.4

The Parties agree to abide by all decisions of the General Assembly. This does not prevent the Parties from exercising their veto rights, according to Section 6.2.4.1, or from submitting a dispute to resolution in accordance with the provisions of Settlement of disputes in Section 11.8.

6.3.1.1.5 Decisions

The General Assembly shall be free to act on its own initiative to formulate proposals and take decisions in accordance with the procedures set out herein.

In addition, all proposals made by the Steering Committee shall also be considered and decided upon by the General Assembly.

The following decisions shall be taken by the General Assembly:

Content, finances and intellectual property rights

- Proposals for changes to Annexes 1 and 2 of the Grant Agreement to be agreed by the Granting Authority such as changes resulting from suggested reallocation of tasks and budget by the Steering Committee

- The percentage of work package completion per work package as well as per Party to be reported to the Granting Authority based on the assessment by the Steering Committee regarding the individual performance of single Parties in case of non-completion of work packages
- Modifications or withdrawal of Background in Attachment 1 (Background Included)
- Additions to Attachment 3 (List of Third Parties for simplified transfer according to Section 8.3.2)
- Additions to Attachment 4 (Identified entities under the same control)

Evolution of the consortium

- Entry of a new Party to the Project and approval of the settlement on the conditions of the accession of such a new Party
- Withdrawal of a Party from the Project and the approval of the settlement on the conditions of the withdrawal
- Proposal to the Granting Authority for a change of the Coordinator
- Proposal to the Granting Authority for suspension of all or part of the Project
- Proposal to the Granting Authority for termination of the Project and the Consortium Agreement

Breach, defaulting party status and litigation

- Identification of a breach by a Party of its obligations under this Consortium Agreement or the Grant Agreement
- Declaration of a Party to be a Defaulting Party
- Remedies to be performed by a Defaulting Party
- Termination of a Defaulting Party's participation in the consortium and measures relating thereto
- Steps to be taken for litigation purposes and the coverage of litigation costs in case of joint claims of the parties of the consortium against a Party (e.g. Sections 4.2 and 7.1.4)

Appointments

On the basis of the Grant Agreement and of this Consortium Agreement, the appointment if necessary, of:

- Steering Committee Members
- Scientific Committee Members.

6.3.2 Steering Committee

In addition to the rules in Section 6.2, the following rules shall apply:

6.3.2.1 Members of the Steering Committee

The Steering Committee shall consist of the Coordinator, Work Package Leaders and additional representatives of the Parties appointed to it by the General Assembly.

The Coordinator shall chair all meetings of the Steering Committee, or can appoint any member of the Steering Committee, unless decided otherwise by a majority of two-thirds.

6.3.2.2 Minutes of meetings

Minutes of Steering Committee meetings, once accepted, shall be sent by the Coordinator to the General Assembly Members for information.

6.3.2.3 Tasks

6.3.2.3.1

The Steering Committee shall prepare the meetings, propose decisions and prepare the agenda of the General Assembly according to Section 6.2.2.

6.3.2.3.2

The Steering Committee shall seek a consensus among the Parties.

6.3.2.3.3

The Steering Committee shall be responsible for the proper execution and implementation of the decisions of the General Assembly.

6.3.2.3.4

The Steering Committee shall keep track of the effective and efficient overall implementation of the Project, based on the Consortium Plan, particularly regarding the completion of the work package activities in tasks and deliverables of each Party (see Section 4.5).

6.3.2.3.5

The Steering Committee shall:

- support the Coordinator in preparing meetings with the Granting Authority and in preparing related information and deliverables
- supervise the preparation of the content and timing of press releases and joint publications by the consortium or proposed by the Granting Authority in respect of the procedures of the Grant Agreement Article 17 and Annex 5 Section “Communication, Dissemination, Open Science and Visibility” and of Section 8 of this Consortium Agreement.

6.3.2.3.6

In addition, the Steering Committee shall:

- evaluate suggestions of the Work Package Leaders for the reallocation of tasks and budget in work packages;
- make suggestions for amendments to Annex 1 and Annex 2 of the Grant Agreement to the General Assembly, especially if restructuring is required to enable the finalisation of the non-completed work packages or in case of termination of a Party;
- assess reports presented by each Work Package Leader, which have been compiled by the Work Package Leader based on the Internal Progress Reports;
- assess the status or completion of each work package and prepare the periodic reporting for the work packages together with the Coordinator;
- propose payment instalments to the Coordinator according to the outcomes of these assessments (see Section 7.2.2);

- support the Coordinator in the collection of information regarding the termination report and amendment procedures in case of termination of a Party's participation;
- inform the General Assembly of an alleged breach in performance or reporting (see Section 4.5) within the breach procedure under Section 4.2;
- monitor the contractual performance indicators and suggest additional ones to the General Assembly for the determination of proper completion of work packages.

6.3.2.3.7

In the case of abolished tasks as a result of a decision of the General Assembly, the Steering Committee shall advise the General Assembly on ways to rearrange tasks and budgets of the Parties concerned. Such a rearrangement shall take into consideration any prior legitimate commitments which cannot be cancelled.

6.4 Coordinator

6.4.1 Coordinator as intermediary

The Coordinator shall be the intermediary between the Parties and the Granting Authority and shall appoint a Project Management Team coordinated by a Project Manager and including a Communication and Dissemination Manager as well as a Financial Manager who will work under the direction of the Strategic Board described in Section 6.7 below.

The Project Management Team will be supported by a Project's Secretariat composed of a Data Manager, a Risk Manager and a number of Staff members of the Coordinator.

6.4.2 Responsibilities

In particular, the Coordinator shall be responsible for:

- monitoring compliance by the Parties with their obligations under this Consortium Agreement and the Grant Agreement
- keeping the address list of Members and other contact persons updated and available
- collecting, reviewing to verify consistency and submitting reports, other deliverables and specifically requested documents to the Granting Authority
- transmitting documents and information connected with the Project to any other Parties concerned
- administering the financial contribution of the Granting Authority and fulfilling the financial tasks described in Section 7.2
- providing, upon request, the Parties with official copies or originals of documents that are in the sole possession of the Coordinator when such copies or originals are necessary for the Parties to present claims
- providing a copy of the Grant Agreement and its Annexes to the Associated Partners.

If one or more of the Parties is late in submission of any Project deliverable, the Coordinator may nevertheless submit the other Parties' Project deliverables and all other documents required by the Grant Agreement to the Granting Authority in time.

6.4.3 Change of coordinator

If the Coordinator fails in its coordination tasks, the General Assembly may propose to the Granting Authority to change the Coordinator.

6.4.4 Entitlements and declarations

The Coordinator shall not be entitled to act or to make legally binding declarations on behalf of any other Party or of the Consortium, unless explicitly stated otherwise in the Grant Agreement or this Consortium Agreement.

6.4.5 Specified tasks

The Coordinator shall not enlarge its role beyond the tasks specified in this Consortium Agreement and in the Grant Agreement.

6.4.6 Quality Management Unit

A Quality Management Unit, coordinated by UNIVERSITAT DE VALENCIA, will be created, to be held responsible for ensuring that educational and management activities align with ISO 21001 principles, monitoring conformance, and facilitating audits.

6.4.7 Quality Handbook

A Quality Handbook (Deliverable 8.1) will be developed as a central document outlining the policies, processes, and procedures required for AI-SECRET's educational management system to conform with accepted educational standards such as the ISO 21001 norm. This document will be regularly updated, based on internal reviews, audits, and feedback from stakeholders.

6.4.8 ISO 21001 certification

If the Consortium decides at a later stage to incorporate as a legal entity, the ISO 21001 certification obtained by UNIVERSITAT DE VALENCIA for AI-SECRET activities may be transferred. This transfer shall be subject to a formal resolution by the General Assembly, ensuring that the new legal entity maintains the same scope, field of application, and objectives as defined under this Agreement.

6.5 Advisory Board

An Advisory Board will be appointed and steered by the Coordinator, who will decide about the amount of remuneration for its members. The Advisory Board shall assist and facilitate the decisions made by the Steering Committee and the General Assembly. The Advisory Board may change its members depending on the needs and characteristics of the different phases of the project.

By way of exception to Section 6.4.4 above, the Parties mandate the Coordinator to execute, in their name and on their behalf, a Non-Disclosure Agreement (hereafter "NDA") with each member of the Advisory Board, in order to protect Confidential Information disclosed by any of the Parties to any member of the Advisory Board, either directly or through the Coordinator in the case where the concerned Party gave to the Coordinator its prior written approval for such disclosure.

The Coordinator shall call the Advisory Board meetings and communicate the agenda to the Steering Committee. The Advisory Board members shall be allowed to participate in the Steering Committee and General Assembly meetings upon invitation but do not have any voting rights.

6.6 Scientific Committee

The Scientific Committee will be appointed at Project start as a support body to the Steering Committee. The Scientific Committee shall provide scientific guidance and supervise the design and delivery of the educational and training contents of the Project. No remuneration is foreseen for its members.

Each Academic Party (including Associated Partners on a voluntary basis) will nominate one member of the Scientific Committee.

The Scientific Committee will meet (at least twice every year) and be chaired by the Scientific Director of the Project. The Coordinator and the Master Programme's Director and Co-Director are also invited to the Scientific Committee meetings.

Every decision inside the Scientific Committee is taken by unanimous consent. Related implications are enforced by the Coordinator and Steering Committee, although they are not binding.

6.7 Strategic Board

The Strategic Board is composed of the Project Coordinator and Scientific Director, the Master Programme's Director and Co-Director, as well as the Project Manager, with the specific roles described in the Grant Agreement and in this Consortium Agreement. No remuneration is foreseen for its members. The Strategic Board supports the Coordinator in the scientific guidance and managerial supervision of the Project. Its members are identified in the Grant Agreement, and their substitution can only be decided by the General Assembly.

The Strategic Board will meet at least every second month.

Every decision inside the Strategic Board is taken by unanimous consent. Related implications are enforced by the Coordinator, although they are not binding.

6.8 Stakeholders' Network

The Stakeholders' Network will serve as a strategic, non-decision-making body comprised of representatives from business associations and networks operating at European and/or national levels within the key vertical sectors addressed by the Project, including Agrifood, Cultural and Creative Industries (CCIs), Energy and Environment, Housing, Manufacturing, Mobility and Transport, and Non-Touristic Services.

The objective of the Stakeholders' Network is to ensure continuous dialogue and cooperation between the consortium and external industry representatives, enabling real-world relevance of project outcomes, facilitating the uptake of AI innovations, and aligning efforts with EU digital and sectoral priorities. The network will contribute to the Project's implementation through feedback on project outputs, co-creation activities (e.g., pilots, living labs, workshops), and by fostering long-term sustainability pathways.

The Stakeholders' Network will be coordinated by INESC TEC, who will act as the main liaison between the Network and the Project bodies. INESC TEC will ensure the strategic engagement of stakeholders,

the organisation of periodic interactions (e.g., dedicated sessions, workshops, consultations), and the alignment of stakeholder contributions with the Project's Key Performance Indicators (KPIs) and objectives.

6.8.1 Membership and Appointment

Initial members of the Stakeholders' Network have been identified during the proposal preparation phase based on Letters of Interest and informal consultations. These were included as an Annex to the proposal and span across a diverse and balanced representation of sectors and geographies. Additional members may be invited by INESC TEC, in consultation with the Project Coordinator, during the Project lifetime to reflect evolving priorities and stakeholder relevance.

6.8.2 Participation, Governance, and Decision-Making

The Stakeholders' Network will operate on a voluntary and non-remunerated basis, with its members invited to contribute to selected project activities such as consultations, co-creation sessions, and validation workshops. Their participation will support the integration of sector-specific expertise into the project's development. Although members will not hold voting rights within the project's formal governance bodies, they may be invited to participate as observers in the Steering Committee and General Assembly, particularly when sectoral insights are required. The network will convene formally at least once every nine months, with additional thematic or sector-specific meetings organised on an ad-hoc basis by INESC TEC. All meetings will be documented by INESC TEC, and minutes will be shared with the Steering Committee and General Assembly. Operating on the principle of consensus, the Stakeholders' Network will provide strategic recommendations that, while not binding, will be considered by the Project Coordinator and, when appropriate, discussed by the Steering Committee to inform decision-making.

6.8.3 Confidentiality and Data Handling

Stakeholders' participation in project activities involving confidential information will be subject to the signature of a non-disclosure agreement (NDA). INESC TEC shall oversee this process in coordination with the Coordinator. Disclosure of confidential information to any stakeholder shall require prior written approval from the concerned Party, in accordance with Section 10.

6.8.4 Long-Term Role and Sustainability

The Stakeholders' Network, together with the Advisory Board, will be integrated into a permanent governance model under the AI-STEAM Network to ensure long-term sustainability and impact of the project results. This transition will be supported by a blend of EU funding, industry sponsorships, and stakeholder membership contributions. The Network will also be a key mechanism to: Ensure alignment with EU policy priorities and platforms such as the European AI Alliance, EIT Digital, Pact for Skills, and European Digital Innovation Hubs. Promote uptake of AI tools by SMEs and stakeholders in peripheral regions. Contribute to the dissemination, exploitation, and policy engagement strategies of the Project.

7. Financial provisions

7.1 General Principles

7.1.1 Distribution of Financial Contribution

The financial contribution of the Granting Authority to the Project shall be distributed by the Coordinator, according to:

- the Consortium Plan
- the approval of reports by the Granting Authority, at the end of each Reporting Period, and
- the provisions of payment in Section 7.2.

For the avoidance of any doubt, the provisions of this Section do not apply to the Associated Partners.

A Beneficiary shall be funded only for its tasks carried out in accordance with the Consortium Plan.

For the avoidance of any doubt, the three Reporting Periods defined in the Grant Agreement at the Project's start are: months 1-18, 19-36 and 37-48.

7.1.2 Justifying Lump Sum Contributions

Each Beneficiary contributes with complete, reliable and true information to all reporting requirements regarding the completion of work packages and proper implementation. Moreover, adequate records and supporting documents must be provided by the Beneficiaries concerned upon request of the Granting Authority in line with the Grant Agreement. Each Beneficiary is solely liable for justifying its Lump Sum Contribution or share.

7.1.3 Funding Principles

Each Beneficiary is entitled to its Lump Sum Contribution as approved by the Granting Authority after completion of the respective work packages at the end of each Reporting Period. For work packages not completed at the end of the Project, the Coordinator distributes to each Beneficiary only the share of Lump Sum Contribution as approved by the Granting Authority at final payment.

7.1.4 Excess payments

A Beneficiary has received excess payment

- a) if the payment received from the Coordinator exceeds the amount declared, or
- b) if the Steering Committee assessed that the performance of a Beneficiary regarding the completion of one or several work packages is significantly lower than foreseen in Annex 1 of the Grant Agreement and that the Beneficiary received more funding than approved by the Granting Authority.

In case a Beneficiary has received excess payment, the Steering Committee has to inform the Coordinator, and the Beneficiary has to return the relevant amount to the Coordinator without undue delay. In case no refund takes place within 30 days upon request for return of excess payment from the Coordinator, the Beneficiary is in substantial breach of this Consortium Agreement and the General Assembly will have to be promptly informed.

Amounts which are not refunded by a breaching Beneficiary and which are not due to the Granting Authority, shall be apportioned by the Coordinator to the remaining Beneficiaries pro rata according to their share of Lump Sum Contributions of the Project as identified in Annex 2 of the Grant Agreement, until recovery from the breaching Beneficiary is possible. The General Assembly decides on any legal actions to be taken against the breaching Beneficiary according to Section 6.3.1.1.5.

7.1.5 Financial Consequences of the termination of the participation of a Beneficiary

A Beneficiary leaving the Consortium shall refund to the Coordinator any payments it has received except the amount of Lump Sum Contributions accepted by the Granting Authority at the time of termination. Should payment of the corresponding amount by the Granting Authority be pending at that date, the Coordinator will inform the terminated Beneficiary accordingly and distribute the amount due as soon as it becomes available.

However, a Defaulting Beneficiary shall, within the limits specified in Section 5.2 of this Consortium Agreement, bear any reasonable and justifiable additional costs occurring to the other Parties in order to perform the leaving Beneficiary's tasks as well as for additional efforts necessary to complete the respective work packages. The General Assembly will deduct from the last payment of the Lump Sum Contribution those additional costs, within the limits stated in Section 5.2 of this Consortium Agreement.

Further, the Coordinator is entitled to withhold any payments due to a Beneficiary identified by the General Assembly to be in breach of its obligations under this Consortium Agreement or the Grant Agreement or to a Beneficiary which has not yet signed this Consortium Agreement.

The Coordinator is also entitled to recover any payments already paid to a Defaulting Beneficiary except its Lump Sum Contributions already accepted by the Granting Authority. The Coordinator is equally entitled to withhold payments to a Beneficiary when this is suggested by or agreed with the Granting Authority.

7.2 Payments

7.2.1 Payments to Beneficiaries are the exclusive task of the Coordinator.

In particular, every Beneficiary shall:

- send to the Coordinator a Financial Form with the full IBAN of the Beneficiary's bank account, signed and stamped by the bank or accompanied by a photocopy of a recent bank statement showing the full IBAN and the name and address of the Beneficiary;
- notify the Coordinator of every change in the IBAN in the same way as described above.

In particular, the administrative body of the Coordinating institution shall:

- notify the Beneficiary promptly of the date and composition of the amount transferred to its bank account, giving the relevant references;
- perform diligently its tasks in the proper administration of any funds and in maintaining financial accounts;
- undertake to keep the Granting Authority's financial contribution to the Project separated from its normal business accounts, its own assets and property.

With reference to Article 22 of the Grant Agreement, no Beneficiary shall before the end of the Project receive more than its allocated share of the maximum grant amount less the amounts retained by the Granting Authority and for final payment.

Additionally, as stipulated in the Grant Agreement, the Coordinator will deduct from the initial payment received from the Granting Authority, the resources globally destined to the management of the four cascade funding calls foreseen during the Project and described in Annex 1 of the Grant Agreement. The corresponding amounts are stated in Annex 1 of the Grant Agreement under the header “FSTP - Financial Support to Third Parties”.

In case of partial or no disbursement under the provisions of the cascade funding calls, such resources may be redistributed to other Work Packages (only those not yet concluded) justified with technical and scientific implementation of the action, and in this case be returned, *pro rata*, by the Coordinator to all Beneficiaries involved.

7.2.2 Payment mode

The Coordinator will transfer payments in accordance with Art. 7 and 22.1 of the Grant Agreement following this payment scheme. The initial payment is set in the table below and paid accordingly. Prefinancing will be paid by the Coordinator to the Beneficiaries without undue delay after receipt of payment from the Granting Authority as agreed below:

The initial pre financing will not be taken into account for this calculation and will remain as a float.

8. Results

8.1 Ownership of Results

Results are owned by the Party that generates them.

8.2 Joint ownership

Joint ownership is governed by Grant Agreement Article 16.4 and its Annex 5, Section “Intellectual Property Rights (IPR) - Background and Results - Access Rights and Rights of Use”, with the following additions:

Unless otherwise agreed:

- each of the joint owners shall be entitled to use their jointly owned Results for non-commercial research and teaching activities that are in scope of non-economic activities as defined under the state aid legislation of the European Union, on a royalty-free basis, and without requiring the prior consent of the other joint owner(s).
- each of the joint owners shall be entitled to otherwise Exploit the jointly owned Results and to grant non-exclusive licenses to third parties (without any right to sub-license), if the other joint owners are given: (a) at least 45 calendar days advance notice; and (b) fair and reasonable compensation.

The joint owners shall agree on all protection measures and the division of related cost in advance.

8.3 Transfer of Results

8.3.1 Ownership transference

Each Party may transfer ownership of its own Results, including its share in jointly owned Results, following the procedures of the Grant Agreement Article 16.4 and its Annex 5, Section “Intellectual Property Rights (IPR) - Background and Results - Access Rights and Rights of Use”.

8.3.2. Advance Authorisation for Transfer of Results

Each Party may identify specific third parties it intends to transfer the ownership of its Results to in Attachment 3 of this Consortium Agreement. The other Parties hereby waive their right to prior notice and their right to object to such a transfer to listed third parties according to the Grant Agreement Article 16.4 and its Annex 5, Section “Intellectual Property Rights (IPR) - Background and Results - Access Rights and Rights of Use”.

8.3.3. Assignment of Results to Identified Third Parties

The transferring Party shall, however, at the time of the transfer, inform the other Parties of such transfer and shall ensure that the rights of the other Parties under the Consortium Agreement and the Grant Agreement will not be affected by such transfer. Any addition to Attachment 3 after signature of this Consortium Agreement requires a decision of the General Assembly.

8.3.4 . Transfer of Ownership in the Event of Merger or Acquisition

The Parties recognise that in the framework of a merger or an acquisition of an important part of its assets, it may be impossible under applicable EU and national laws on mergers and acquisitions for a Party to give at least 45 calendar days prior notice for the transfer as foreseen in the Grant Agreement.

8.3.5 Duration of Obligations Related to Access Rights

The obligations above apply only for as long as other Parties still have - or still may request - Access Rights to the Results.

8.4 Dissemination

8.4.1 Confidentiality in Dissemination Activities

For the avoidance of any doubt, the confidentiality obligations set out in Section 10 apply to all dissemination activities described in this Section 8.4 as far as Confidential Information is involved.

8.4.2 Dissemination of own (including jointly owned) Results

8.4.2.1

During the Project and for a period of 1 year after the end of the Project, the dissemination of own Results by one or several Parties including but not restricted to publications and presentations, shall be governed by the procedure of Article 17.4 of the Grant Agreement and its Annex 5, Section “Communication, Dissemination and Visibility”, subject to the following provisions.

Prior notice of any planned publication shall be given to the other Parties at least 45 calendar days before the publication. Any objection to the planned publication shall be made in accordance with the Grant Agreement by written notice to the Coordinator and to the Party or Parties proposing the dissemination within 30 calendar days after receipt of the notice. If no objection is made within the time limit stated above, the publication is permitted.

8.4.2.2

An objection is justified if

- a) the protection of the objecting Party's Results or Background would be adversely affected, or
- b) the objecting Party's legitimate interests in relation to its Results or Background would be significantly harmed, or
- c) the proposed publication includes Confidential Information of the objecting Party.

The objection has to include a precise request for necessary modifications.

8.4.2.3

If an objection has been raised the involved Parties shall discuss how to overcome the justified grounds for the objection on a timely basis (for example by amendment to the planned publication and/or by protecting information before publication) and the objecting Party shall not unreasonably continue the opposition if appropriate measures are taken following the discussion.

8.4.2.4

The objecting Party can request a publication delay of no more than 90 calendar days from the time it raises such an objection. After 90 calendar days the publication is permitted, provided that the objections of the objecting Party have been addressed.

8.4.3 Dissemination of another Party's unpublished Results or Background

A Party shall not include in any dissemination activity another Party's Results or Background without obtaining the owning Party's prior written approval, unless they are already published.

8.4.4 Cooperation obligations

The Parties undertake to cooperate to allow the timely submission, examination, publication and defense of any dissertation or thesis for a degree that includes their Results or Background subject to the confidentiality and publication provisions agreed in this Consortium Agreement.

8.4.5 Use of names, logos or trademarks of the Parties

Nothing in this Consortium Agreement shall be construed as conferring rights to use in advertising, publicity or otherwise the name of the Parties or any of their logos or trademarks without their prior written approval.

8.4.6. Logo and trademark of the Project

Each Party shall be entitled to use any logo or trademark of the Project royalty-free and on a non-exclusive basis for the execution of the Project only, even if such logo or trademark has been filed by a single Party only.

9. Access Rights

9.1 Background included

9.1.1 Background Subject to Access Rights

In Attachment 1, the Parties have identified and agreed on the Background for the Project and have also, where relevant, informed each other that Access to specific Background is subject to legal restrictions or limits.

Anything not identified in Attachment 1 shall not be the object of Access Right obligations regarding Background.

9.1.2 Amendment of Background List (Attachment 1)

Any Party may add additional Background to Attachment 1 during the Project provided they give written notice to the other Parties. However, approval of the General Assembly is needed should a Party wish to modify or withdraw its Background in Attachment 1.

9.2 General Principles

9.2.1 Performance of Tasks and Liability for Infringement

Each Party shall implement its tasks in accordance with the Consortium Plan and shall bear sole responsibility for ensuring that its acts within the Project do not knowingly infringe third party property rights.

9.2.2 Exclusion of Sublicensing Rights

Any Access Rights granted exclude any rights to sublicense unless expressly stated otherwise.

9.2.3 No Administrative Charges for Access Rights

Access Rights shall be free of any administrative transfer costs.

9.2.4 Non-Exclusivity of Access Rights

Access Rights are granted on a non-exclusive basis.

9.2.5 Limitation of Use of Access Rights

Results and Background shall be used only for the purposes for which Access Rights to it have been granted.

9.2.6 Request and Grant of Access Rights

All requests for Access Rights shall be made in writing. The granting of Access Rights may be made conditional on the acceptance of specific conditions aimed at ensuring that these rights will be used only for the intended purpose and that appropriate confidentiality obligations are in place.

9.2.7 . Proof of Necessity for Access Rights

The requesting Party must show that the Access Rights are Needed.

9.3 Access Rights for implementation

Intellectual Property Rights (IPR) - Background and Results - Access Rights and Rights of Use Needed for the performance of the own work of a Party under the Project shall be granted on a royalty-free basis, unless otherwise agreed for Background in Attachment 1.

9.4 Access Rights for Exploitation

9.4.1 Access Rights to Results

Access Rights to Results if Needed for Exploitation of a Party's own Results shall be granted after prior written approval on Fair and Reasonable conditions.

Access rights to Results for non-commercial research and for teaching activities as defined under the state aid legislation of the European Union shall be granted on a royalty-free basis.

9.4.2. Access Rights to Background

Access Rights to Background if Needed for Exploitation of a Party's own Results, shall be granted after prior written approval on Fair and Reasonable conditions.

9.4.3. Timeframe for Access Rights Requests

A request for Access Rights may be made up to twelve months after the end of the Project or, in the case of Section 9.7.2.1.2, after the termination of the requesting Party's participation in the Project.

9.5 Access Rights for entities under the same control

Entities under the same control, provided they are established in a EU Member State of Associated Country, have Access Rights under the conditions of the Grant Agreement Article 16.4 and its Annex 5, Section "Intellectual Property Rights (IPR) - Background and Results - Access Rights and Rights of Use", if they are identified in Attachment 4 (Identified entities under the same control) to this Consortium Agreement.

Such Access Rights must be requested by the entity under the same control from the Party that holds the Background or Results. Alternatively, the Party granting the Access Rights may individually agree with the Party requesting the Access Rights to have the Access Rights include the right to sublicense to

the latter's entity under the same control listed in Attachment 4. Access Rights to an entity under the same control shall be granted on Fair and Reasonable conditions and upon written bilateral agreement.

Entities under the same control which obtain Access Rights in return fulfil all confidentiality obligations accepted by the Parties under the Grant Agreement or this Consortium Agreement as if such entities were Parties.

Access Rights may be refused to entities under the same control if such granting is contrary to the legitimate interests of the Party which owns the Background or the Results.

Access Rights granted to any entity under the same control are subject to the continuation of the Access Rights of the Party with whom it is under the same control and shall automatically terminate upon termination of the Access Rights granted to such Party.

Upon cessation of the status as an entity under the same control, any Access Rights granted to such former entity under the same control shall lapse.

Further arrangements with entities under the same control may be negotiated in separate agreements.

9.6 Additional Access Rights

The Parties agree to negotiate in good faith any additional Access Rights to Results as might be asked for by any Party, upon adequate financial conditions to be agreed.

9.7 Access Rights for Parties entering or leaving the consortium

9.7.1 New Parties entering the consortium

As regards Results developed before the accession of the new Party, the new Party will be granted Access Rights on the conditions applying for Access Rights to Background.

9.7.2 Parties leaving the consortium

9.7.2.1 Access Rights granted to a leaving Party

9.7.2.1.1 Defaulting Party

Access Rights granted to a Defaulting Party and such Party's right to request Access Rights shall cease immediately upon receipt by the Defaulting Party of the formal notice of the decision of the General Assembly to terminate its participation in the consortium.

9.7.2.1.2 Non-defaulting Party

A non-defaulting Party leaving voluntarily and with the other Parties' consent shall have Access Rights to the Results developed until the date of the termination of its participation.

It may request Access Rights within the period of time specified in Section 9.4.3.

9.7.2.2 Access Rights to be granted by any leaving Party

Any Party leaving the Project shall continue to grant Access Rights pursuant to the Grant Agreement and this Consortium Agreement as if it had remained a Party for the whole duration of the Project.

9.8 Specific Provisions for Access Rights to Software

9.8.1 Definitions relating to Software

“Application Programming Interface” or “API” means the application programming interface materials and related documentation containing all data and information to allow skilled Software developers to create Software interfaces that interface or interact with other specified Software.

“Controlled License Terms” means terms in any license that require that the use, copying, modification and/or distribution of Software or another work (“Work”) and/or of any work that is a modified version of or is a derivative work of such Work (in each case, “Derivative Work”) be subject, in whole or in part, to one or more of the following:

- a) (where the Work or Derivative Work is Software) that the Source Code or other formats preferred for modification be made available as of right to any third party on request, whether royalty-free or not;
- b) that permission to create modified versions or derivative works of the Work or Derivative Work be granted to any third party;
- c) that a royalty-free license relating to the Work or Derivative Work be granted to any third party.

For the avoidance of any doubt, any Software license that merely permits (but does not require any of the things mentioned in (a) to (c) is not under Controlled License Terms.

“Object Code” means Software in machine-readable, compiled and/or executable form including, but not limited to, byte code form and in the form of machine-readable libraries used for linking procedures and functions to other software.

“Software Documentation” means Software information, being technical information used, or useful in, or relating to the design, development, use or maintenance of any version of a Software program.

“Source Code” means Software in human readable form normally used to make modifications to it including, but not limited to, comments and procedural code such as job control language and scripts to control compilation and installation.

9.8.2 General principles

For the avoidance of any doubt, the general provisions for Access Rights provided for in this Section 9 are applicable also to Software as far as not modified by this Section 9.8.

Parties’ Access Rights to Software do not include any right to receive Source Code or Object Code ported to a certain hardware platform or any right to receive Source Code, Object Code or respective Software Documentation in any particular form or detail, but only as available from the Party granting the Access Rights.

The introduction of Software under Controlled License Terms in the Project requires the prior approval of the General Assembly to implement such introduction into the Consortium Plan.

In case of an approved introduction of Software under Controlled License Terms’ in the Project, the Controlled License Terms shall prevail over any conflicting provisions of this Consortium Agreement for affected original and derivative Background and Results.

9.8.3 Access to Software

Access Rights to Software that is Results shall comprise:

Access Rights to the Object Code; and,

- where normal use of such an Object Code requires an API, Access Rights to the Object Code and such an API; and,
- if a Party can show that the execution of its tasks under the Project or the Exploitation of its own Results is technically or legally impossible without Access Rights to the Source Code, Access Rights to the Source Code to the extent necessary.

Background shall only be provided in Object Code unless otherwise agreed between the Parties concerned.

9.8.4 Software license and sublicensing rights

9.8.4.1 Object Code

9.8.4.1.1 Results - Rights of a Party

Where a Party has Access Rights to Object Code and/or API that is Results for Exploitation, such Access shall, in addition to the Access for Exploitation foreseen in Section 9.4, as far as Needed for the Exploitation of the Party's own Results, comprise the right:

- to make an agreed number of copies of Object Code and API; and
- to distribute, make available, market, sell and offer for sale such Object Code and API alone or as part of or in connection with products or services of the Party having the Access Rights;

provided however that any product, process or service has been developed by the Party having the Access Rights in accordance with its rights to exploit Object Code and API for its own Results.

If it is intended to use the services of a third party for the purposes of this Section 9.8.4.1.1, the Parties concerned shall agree on the terms thereof with due observance of the interests of the Party granting the Access Rights as set out in Section 9.2 of this Consortium Agreement.

9.8.4.1.2 Results - Rights to grant sublicenses to end-users

In addition, Access Rights to Object Code shall, as far as Needed for the Exploitation of the Party's own Results, comprise the right to grant in the normal course of the relevant trade to end-user customers buying/using the product/services, a sublicense to the extent as necessary for the normal use of the relevant product or service to use the Object Code alone or as part of or in connection with or integrated into products and services of the Party having the Access Rights and, as far as technically essential:

- to maintain such product/service;
- to create for its own end-use interacting interoperable Software in accordance with the Directive 2009/24/EC of the European Parliament and of the Council of 23 April 2009 on the legal protection of computer programs.

9.8.4.1.3 Background

For the avoidance of any doubt, where a Party has Access Rights to Object Code and/or API that is Background for Exploitation, Access Rights exclude the right to sublicense. Such sublicensing rights may, however, be negotiated between the Parties.

9.8.4.2 Source Code

9.8.4.2.1 Results - Rights of a Party

Where, in accordance with Section 9.8.3, a Party has Access Rights to Source Code that is Results for Exploitation, Access Rights to such Source Code, as far as Needed for the Exploitation of the Party's own Results, shall comprise a worldwide right to use, to make copies, to modify, to develop, to adapt Source Code for research, to create/market a product/process and to create/provide a service.

If it is intended to use the services of a third party for the purposes of this Section 9.8.4.2.1, the Parties shall agree on the terms thereof, with due observance of the interests of the Party granting the Access Rights as set out in Section 9.2 of this Consortium Agreement.

9.8.4.2.2 Results – Rights to grant sublicenses to end-users

In addition, Access Rights, as far as Needed for the Exploitation of the Party's own Results, shall comprise the right to sublicense such Source Code, but solely for the purposes of adaptation, error correction, maintenance and/or support of the Software.

Further sublicensing of Source Code is explicitly excluded.

9.8.4.2.3 Background

For the avoidance of doubt, where a Party has Access Rights to Source Code that is Background for Exploitation, Access Rights exclude the right to sublicense. Such sublicensing rights may, however, be negotiated between the Parties.

9.8.4.3 Specific Formalities

Each sublicense granted according to the provisions of Section 9.8.4 shall be made by a traceable agreement specifying and protecting the proprietary rights of the Party or Parties concerned.

10. Non-disclosure of information

10.1 Definition of Confidential Information

All information in whatever form or mode of communication, which is disclosed by a Party (the "Disclosing Party") to any other Party (the "Recipient") in connection with the Project during its implementation and which has been explicitly marked as "confidential" or "sensitive" at the time of disclosure, or when disclosed orally has been identified as confidential at the time of disclosure and has been confirmed and designated in writing within 15 calendar days from oral disclosure at the latest as confidential information by the Disclosing Party, is "Confidential Information".

10.2 Scope

The Recipient hereby undertakes in addition and without prejudice to any commitment on non-disclosure under the Grant Agreement, for a period of 5 years after the final payment of the Granting Authority:

- not to use Confidential Information otherwise than for the purpose for which it was disclosed;
- not to disclose Confidential Information without the prior written consent by the Disclosing Party;
- to ensure that internal distribution of Confidential Information by a Recipient shall take place on a strict need-to-know basis; and
- to return to the Disclosing Party, or destroy, on request all Confidential Information that has been disclosed to the Recipient including all copies thereof and to delete all information stored in a machine-readable form to the extent practically possible. The Recipient may keep a copy to the extent it is required to keep, archive or store such Confidential Information because of compliance with applicable laws and regulations or for the proof of on-going obligations provided that the Recipient complies with the confidentiality obligations herein contained with respect to such copy.

10.3 Extension

The Recipient shall be responsible for the fulfilment of the above obligations on the part of its employees or third parties involved in the Project and shall ensure that they remain so obliged, as far as legally possible, during and after the end of the Project and/or after the termination of the contractual relationship with the employee or third party.

10.4 Limitations

The above shall not apply for disclosure or use of Confidential Information, if and in so far as the Recipient can show that:

- the Confidential Information has become or becomes publicly available by means other than a breach of the Recipient's confidentiality obligations;
- the Disclosing Party subsequently informs the Recipient that the Confidential Information is no longer confidential;
- the Confidential Information is communicated to the Recipient without any obligation of confidentiality by a third party who is to the best knowledge of the Recipient in lawful possession thereof and under no obligation of confidentiality to the Disclosing Party;
- the disclosure or communication of the Confidential Information is foreseen by provisions of the Grant Agreement;
- the Confidential Information, at any time, was developed by the Recipient completely independently of any such disclosure by the Disclosing Party;
- the Confidential Information was already known to the Recipient prior to disclosure, or
- the Recipient is required to disclose the Confidential Information in order to comply with applicable laws or regulations or with a court or administrative order, subject to the provision Section 10.7 hereunder.

10.5 Definition of Care

The Recipient shall apply the same degree of care with regard to the Confidential Information disclosed within the scope of the Project as with its own confidential and/or proprietary information, but in no case less than reasonable care.

10.6 Notification of Disclosure

Each Recipient shall promptly inform the relevant Disclosing Party by written notice of any unauthorised disclosure, misappropriation or misuse of Confidential Information after it becomes aware of such unauthorised disclosure, misappropriation or misuse.

10.7 Preventive Measures

If any Recipient becomes aware that it will be required, or is likely to be required, to disclose Confidential Information in order to comply with applicable laws or regulations or with a court or administrative order, it shall, to the extent it is lawfully able to do so, prior to any such disclosure.

- notify the Disclosing Party, and
- comply with the Disclosing Party's reasonable instructions to protect the confidentiality of the information.

10.8 Reference to GDPR

Confidentiality and data protection shall be managed according to GDPR guidelines, ensuring the security of learner records, assessments, and continuous improvement data.

11. Miscellaneous

11.1 Attachments, inconsistencies and severability

This Consortium Agreement consists of this core text and:

- Attachment 1 (Background included)
- Attachment 2 (Accession document)
- Attachment 3 (List of third parties for simplified transfer according to Section 8.3.2)
- Attachment 4 (Identified entities under the same control according to Section 9.5)
- Attachment 5 (Project tasks attributed to Associated Partners on a voluntary basis)

In case the terms of this Consortium Agreement are in conflict with the terms of the Grant Agreement, the terms of the latter shall prevail. In case of conflicts between the attachments and the core text of this Consortium Agreement, the latter shall prevail.

Should any provision of this Consortium Agreement become invalid, illegal or unenforceable, it shall not affect the validity of the remaining provisions of this Consortium Agreement. In such a case, the Parties concerned shall be entitled to request that a valid and practicable provision be negotiated that fulfils the purpose of the original provision.

11.2 No representation, partnership or agency

Except as otherwise provided in Section 6.4.4, no Party shall be entitled to act or to make legally binding declarations on behalf of any other Party or of the consortium. Nothing in this Consortium Agreement shall be deemed to constitute a joint venture, agency, partnership, interest grouping or any other kind of formal business grouping or entity between the Parties.

11.3 Formal and written notices

Any notice to be given under this Consortium Agreement shall be addressed to the recipients as listed in the most current address list kept by the Coordinator.

Any change of persons or contact details shall be immediately communicated to the Coordinator by written notice. The address list shall be accessible to all Parties.

Formal notices:

If it is required in this Consortium Agreement (Sections 4.2, 9.7.2.1.1, and 11.4) that a formal notice, consent or approval shall be given, such notice shall be signed by an authorised representative of a Party and shall either be served personally or sent by mail with recorded delivery with acknowledgement of receipt.

Written notice:

Where written notice is required by this Consortium Agreement, this is fulfilled also by other means of communication such as e-mail with acknowledgement of receipt.

11.4 Assignment and amendments

Except as set out in Section 8.3, no rights or obligations of the Parties arising from this Consortium Agreement may be assigned or transferred, in whole or in part, to any third party without the other Parties' prior formal approval.

Amendments and modifications to the text of this Consortium Agreement not explicitly listed in Section 6.3.1.1.5 require a separate written agreement to be signed between all Parties.

11.5 Mandatory national law

Nothing in this Consortium Agreement shall be deemed to require a Party to breach any mandatory statutory law under which the Party is operating.

11.6 Language

This Consortium Agreement is drawn up in English, which language shall govern all documents, notices, meetings, arbitral proceedings and processes relative thereto.

11.7 Applicable law

This Consortium Agreement shall be construed in accordance with and governed by the laws of Belgium excluding its conflict of law provisions.

11.8 Settlement of disputes

The Parties shall endeavour to settle their disputes amicably.

All disputes arising out of or in connection with this Consortium Agreement, which cannot be solved amicably, shall be finally settled under the Rules of Arbitration of the International Chamber of Commerce by one or more arbitrators appointed in accordance with the said Rules.

The place of arbitration shall be Brussels if not otherwise agreed by the conflicting Parties.

The award of the arbitration will be final and binding upon the Parties.

The settlement by ICC Arbitration does not apply when the public/state institutions, UMU, NTNU, UVEG, UPV are involved in the dispute. In this case all disputes arising out of or in connection with this Consortium Agreement, which cannot be solved amicably, shall be finally settled by the courts of Brussels.

Nothing in this Consortium Agreement shall limit the Parties' right to seek injunctive relief in any applicable competent court.

12. Signatures

AS WITNESS:

The Parties have caused this Consortium Agreement to be duly signed by the undersigned authorised representatives in separate signature pages the day and year first above written.

The signature of a Party by means of an advanced or qualified electronic signature meeting the requirements established in Regulation 910/2014 ("EU eIDAS") or the equivalent UK eIDAS, issued by a trusted legally authorized certification authority, or using remote signing services (like, including but not limited to, AdobeSign, Docusign, etc.), counts as an original signature with the same validity, enforceability and permissibility as a handwritten signature.

Each Party receives a fully signed copy of this Consortium Agreement. The transfer of this copy by e-mail or via an electronic signature system will have the same legal force and legal effect as the transfer of the original copy of this Consortium Agreement.

13. Attachment 1: Background included

According to the Grant Agreement (Article 16.1) Background is defined as “data, know-how or information (...) that is (...) needed to implement the Action or exploit the results”. Because of this need, Access Rights must be granted in principle, but Parties have to identify and agree amongst them on the Background for the Project. This is the purpose of this attachment.

PARTY 1

As to **UNIVERSITAT DE VALENCIA**, it is agreed between the Parties that, to the best of their knowledge,

No data, know-how or information of **UNIVERSITAT DE VALENCIA** is Needed by another Party for implementation of the Project (Article 16.1 and its Annex 5 Grant Agreement, Section “Intellectual Property Rights (IPR) - Background and Results - Access Rights and Rights of Use”) or Exploitation of that other Party’s Results (Article 16.1 and its Annex 5 Grant Agreement, Section “Intellectual Property Rights (IPR) - Background and Results - Access Rights and Rights of Use”). This represents the status at the time of signature of this Consortium Agreement.

PARTY 2

As to **COGNITO S.R.L.**, it is agreed between the Parties that, to the best of their knowledge,

No data, know-how or information of **COGNITO S.R.L.** is Needed by another Party for implementation of the Project (Article 16.1 and its Annex 5 Grant Agreement, Section “Intellectual Property Rights (IPR) - Background and Results - Access Rights and Rights of Use”) or Exploitation of that other Party’s Results (Article 16.1 and its Annex 5 Grant Agreement, Section “Intellectual Property Rights (IPR) - Background and Results - Access Rights and Rights of Use”).

This represents the status at the time of signature of this Consortium Agreement.

PARTY 3

As to **Inspiring Futures Europe**, it is agreed between the Parties that, to the best of their knowledge, the following Background is hereby identified and agreed upon for the Project. Specific limitations and/or conditions, shall be as mentioned hereunder:

Describe Background	Specific restrictions and/or conditions for implementation (Article 16.4 Grant Agreement and its Annex 5, Section “Intellectual Property Rights (IPR) - Background and Results - Access Rights and Rights of Use”)	Specific restrictions and/or conditions for Exploitation (Article 16.4 Grant Agreement and its Annex 5, Section “Intellectual Property Rights (IPR) - Background and Results - Access Rights and Rights of Use”)

AI-SECRET is based on the same approach developed for the Project <i>AI4Gov Accelerate (AI4Gov-X) (co-funded under the Digital Europe Programme - Action n. 101190043 and started on 1st February 2025), for which original idea, concept, design and IPR, as well as branding and trademark has been registered as a “Comprehensive Methodology to foster the adoption of Artificial Intelligence for Government, Data Spaces, Digital Governance Transformation and Technology Diplomacy in Europe and beyond with specific reference to policy design, research, training, capacity building and advisory services” by Inspiring Futures Europe S.L on 2025-01-30 22:32:12 (UTC) on Bitcoin Blockchain Block 881550 (unique code - SHA 256 n. 1e91070f2359d390607bdcc778 91b25ffbea282ae8db00a807ef1 6344 6688077).</i>	No restriction. These will serve as background knowledge in AI-SECRET available for the partners within the overall project duration.	Any use after the project's lifespan will be possible under the conditional recognition of Gianluca Carlo Misuraca and Claudio Feijoo Gonzalez as co-ideators in their roles of Scientific Director and Programme Co-Director of the AI4Gov Accelerate (AI4Gov.X) Project, which builds on the previous AI4Gov Master programme for which they acted respectively as Founder and Executive Director, and Founder and Project Coordinator.
